

Instructions

This game can be played like:

"Concentration".

1. First, print the sheet, preferably on card stock.
2. Cut out the individual boxes to make the cards.
3. Mix the cards up and arrange face down in a grid pattern.
4. Each player takes turns turning over two cards for the entire group to see. If the cards happen to match, the player takes the cards for himself. If the cards do not match, they must be turned face down again, but every player will try to remember where they are for future use. The player with the most cards at the end of the game wins.

Can also be played as game of "Go Fish".
